NEW CALACATA GOLD

320CM X 160CM

The image displays a Carrara River marble pattern, characterized by a light, off-white base color with intricate, flowing veins of grey and blue. The veins vary in thickness and direction, creating a complex, organic texture. The overall appearance is clean and sophisticated, typical of high-quality natural stone.

SAHARA BLACK
320CM X 160CM

The background is a dark, almost black, marble surface with intricate, light-colored veins. The veins are irregular and flow across the frame, creating a sense of depth and texture. The lighting is subtle, highlighting the edges of the veins against the dark background.
